Task 6 ✅ **TryHackMe for Business**   Earn a ticket by introducing your company to TryHackMe

Task 7 ⭕ FAQ and get your first free ticket on us!

Frequently Asked Questions

What rooms can I win tickets in?

You can only win tickets in rooms that are part of the Security Engineer learning path. We may

extend the ticket promotion to other rooms in the future.

Where can I see my tickets?

You can see all your tickets on your public profile page.

How many tickets can I earn per room?

Free users can earn 1 ticket, and premium users will earn 2, per room.

What if I have already completed a room?

If you've previously completed a room in the learning path and didn't win your ticket, you can reset your progress and redo the room.

What happens if I subscribe after I've completed the room?

If you subscribe to premium after a ticket-eligible room has been completed, you can't redeem that room's second ticket. You need to be subscribed before the room is complete if you want both (otherwise, you'll only get a single ticket). Resetting the room after you subscribe will not let you claim the second ticket.

How do I get my prizes?

Most of the prizes you can claim automatically. However, email us at tickets@tryhackme.com if you've won the Amazon Voucher, Laptop, or certification voucher. Make sure to include your TryHackMe username in the email, and use the prize name in the email title (for example, if you win an Amazon Voucher, include "Amazon Voucher" in the email title). As some of the larger prizes and entries are manual, we will get back to you by mid-October to verify.

How are tickets drawn when I complete a room?

When you complete a room and draw a ticket, it's randomly chosen based on the prize's rarity rating. For example, you're 5x more likely to draw a streak freeze ticket than the Laptop. The more rooms you complete, the higher the chance is of you getting a high-value prize!

How long do the discount swag shop vouchers last?

Any vouchers for our swag shop are valid until January 1st 2024.

How long do I keep the Security Engineer level?

When the ticket promotion is over (25th September), your 'Security Warrior' title will disappear and your level will be recalculated.

What happens when I activate the streak freeze prize?

Streak freezes make up for missing days on your hacking streak. For example, if you have a 6-day streak but miss day 7, your streak freeze will protect it for the duration of the freeze. The streak freeze is active, ready to protect your streak, as soon as it's redeemed.
